

COURT AWARDS DECREE TO WIFE

Emil Wach's Cross-Bill in Divorce Suit Is Not Effective.

MRS. WACH GETS ALIMONY

PROPERTY OF FAMILY TO BE CONVERTED INTO CASH.

Despite the efforts of the husband to set the decree himself, Mrs. Lena Wach received a divorce from Emil Wach in Judge Morse's court yesterday. The trial lasted a long time and the case has not closed yet, as Judge Morse postponed signing the decree for sixty days so that the property of the family could be converted into cash and applied on the alimony awarded to Mrs. Wach.

The Wachs were married, June 29, 1903, at Logan, and moved to Salt Lake. Mrs. Wach accused her husband of several breaches of the marriage contract, among them that he came home about 2 o'clock in the morning in June, 1904, threw her out of bed and drove her from the house. She said he was cruel, ill-tempered and that he spent most of his earnings in dissipation; that he never bought clothing for her, and that once when she bought some household goods out of her savings he called her a spendthrift. She left him, July 22, 1905, and returned to her home at Logan.

Wach, in his cross-complaint, alleged that Mrs. Wach deserted him. He sought to secure a divorce and custody of their son on this ground, but the court did not accept this view of the case, and the decree and alimony were granted to Mrs. Wach. She also gets \$100 attorney's fees and alimony to be fixed after the value of the property has been determined.

Other divorces granted yesterday by Judge Morse were: Theodore Eisenhart from Adeline Eisenhart; Dora G. Brennan from John J. Brennan; Sophia Armstrong from Frank N. Armstrong.

SUES CONTINENTAL LIFE

Agent Seeks to Collect \$5,517 for Salary and Commission.

Charles B. Reynolds, formerly agent for the Continental Life Insurance company in Texas, filed suit against the company yesterday to recover a total amount of \$5,517.75 and costs, alleged to be due as salary, expenses, commission, etc. Reynolds alleges that the Western Agency company, an representative of the Continental, appointed him agent for part of Texas, with headquarters at Dallas, at a salary of \$200 a month, with traveling expenses, commission, etc. Reynolds alleges that he went to work Dec. 7, 1905, and continued at work until March 15, 1906, but that the company failed to qualify under the laws of Texas, so that he was compelled to quit work.

On his own services, he claims \$567.74 as salary and expense, and \$2,950 as commissions and premiums he would have earned if the company had qualified under the Texas laws. As assignee of a claim of S. B. Mayer, another agent, Reynolds claims \$150 as salary and expenses and \$1,500 as commissions and premiums.

Court Notes. Walter G. Tuttle filed suit yesterday against the unknown heirs of Charlotte M. Clark to quiet title to lots 45, 46, 47 and 48, Arlington Heights subdivision.

Arthur A. Callister filed for probate yesterday the will of his father, John E. Callister, who died Feb. 25, 1895, in Salt Lake, leaving an estate valued at \$3,500. The widow and son are the heirs.

Zion's Savings Bank & Trust company filed suit against Jesse M. Fox and others yesterday to recover a total of \$10,023.73 and interest, alleged to be due on notes secured by a mortgage on the southwest quarter of the southeast quarter of section 16, township 2 south, range 1 west.

Judge Ritchie gave judgment for \$100.00 in favor of A. Liebman against Louise Engelman and others. The testimony in the case was that Mrs. Mary Morrison sold to the Co-Op. second-hand store, or that the defendants are proprietors, furniture on which she had given a mortgage to Liebman.

Judge Ritchie entered judgment in favor of the Employees' Credit company for \$201.00 against D. R. Hughes yesterday. The evidence in the case went to show that Hughes borrowed money at high rates of interest from the company and loaned it again to other persons. Suit was brought on notes Hughes had given to the plaintiff.

P. E. Parsons filed suit in the district court yesterday against the Utah Implement company and Judge J. J. Whitaker, asking that they be restrained from executing a judgment for \$63.32 and costs, entered against him by Whitaker, June 15, 1905. Parsons claims that proper service was not made in the case and that execution was levied upon his property before he knew suit had begun.

If that Conference rain had not arrived on time we surely would have been disappointed. So would a lot of people who came in and bought those Hart Schaffner & Marx Rain Coats at our suggestion, and wanted them for just such occasions. None of the style of any garment is sacrificed in their making and they are serviceable, both as dress up clothes and weather defiers. Priced \$15 to \$35. Worth more.

FLOUR FOR THE STARVING

Commissary General Sharpe of the Army Forwarding the Supplies to China.

Washington, April 5.—Commissary General Sharpe of the army, who is superintending the shipment to China of the food supplies controlled by Louis Klopsch of the Christian Herald, today received \$50,000 from Dr. Klopsch in addition to a previous contribution of \$50,000. The fund of \$100,000 thus available will be used for the purchase of 3,000 tons of flour which will be shipped to China on the United States army transport, Buford, sailing from San Francisco on April 30.

Of the cargo 1,000 tons of flour will be purchased in Minneapolis and transported free by the railroad companies to San Francisco, and the remaining 2,000 tons will be purchased at San Francisco and other points upon the Pacific coast. These supplies will be consigned to the United States Consul Rogers at Shanghai, who will have charge of the distribution to the sufferers from the famine.

In a letter to General Sharpe, Dr. Klopsch expressed his appreciation of the "business-like, intelligent and expeditionary manner in which the army commissary department had co-operated in bringing to a successful completion this important stage of the great life-saving effort."

RIGHT TO NAME HIS SUCCESSOR

Continued from Page 1.

comment of Frank C. Barstow, a Standard Oil director, was:

"It is simply absurd; that's all I have to say."

"Mr. Harriman had a talk yesterday with H. H. Rogers of the Standard Oil company. He said at its conclusion that the talk was entirely about business matters which were not connected in any way with President Roosevelt."

Hill Gives Bail. New York, April 5.—Frank W. Hill, the former stenographer for E. H. Harriman, who was arrested yesterday on a charge of selling the now famous Sidney Webster letter to a newspaper, was arraigned in police court today, charged with a violation of the penal code. Alexander Miller, secretary of the Union Pacific railroad, and Gordon M. Buck, counsel for Harriman, appeared to prosecute the charge. Hill was held in \$1,000 for examination next Monday. Bail was furnished.

Going It Blind. Lincoln, Neb., April 5.—The senate today adopted a resolution endorsing the position of President Roosevelt in his controversy with E. H. Harriman, and declaring the confidence of the senate in the president's motives.

The house also adopted a resolution endorsing confidence in President Roosevelt.

Letter of Protest. New York, April 5.—The executive committee of the organization known as the "No War Protest," conference announced tonight that it had sent to President Roosevelt a letter protesting against the president's reference to Mayor La Follette as a "peace-loving" man.

The committee also announced that it had sent to Representative James S. Sherman and recently made public in connection with the E. H. Harriman letter incident.

QUARREL PATCHED UP. Austria and Hungary Will Resume Negotiations.

Budapest, Hungary, April 5.—According to statements in well-known quarters, Austria and Hungary have agreed to patch up their quarrel and renew the Ausgleich (or compromise) agreement regarding the proportions of the common expenditure, etc.) until 1917. It is added that the negotiations on the subject which were broken off before Easter will be shortly resumed at Vienna. Austria is urging her demand for a long term agreement, while Hungary will abandon the condition that the new arrangements should take the form of a commercial treaty. In the new agreement provision will be made for assuring specific treatment of each other when the customs separation is effected in 1917.

MORE COCOA AND TEA. Less Coffee Imported into the Country Than Formerly.

Washington, April 5.—A report issued today by the bureau of statistics of the department of commerce shows that cocoa imports into the United States are now averaging more than a million dollars a month against an average of a quarter of a million dollars a decade ago.

Meantime imports of coffee show a decline, especially during the last two years. In the six months ending with February, 1907, there has been an increase of \$5,000,000 in the importation of cocoa, a decline of \$1,500,000 in the importation of coffee, and an increase of \$1,250,000 in tea imports.

RUSSIA HAS OBJECTIONS. Japan Insists Upon Representation at Constantinople.

London, April 5.—Japan has opened negotiations with Turkey, according to a special dispatch from Constantinople, with the view to establishing embassies of the two countries at the respective capitals. Russia, it is stated, raised objections but Japan insists that she is entitled to the same representation upon the Bosphorus as other great powers. Turkey is the only prominent country in which Japan is not represented by an accredited legation, her interests in the Orient being maintained by the protection of the British ambassador.

COMMISSION LACKS THE NECESSARY AUTHORITY. Washington, April 5.—That the interstate commerce commission is without authority to prescribe rules and regulations for reciprocal demurrage between shippers and carriers of interstate freight is the gist of an opinion rendered today by Commissioner Clark. The decision was based on the complaint of James B. Mason against the Chicago, Rock Island & Pacific Railway company. Mason asked for the appointment of receivers of interstate freight for all interstate roads, who should be paid freight charges at a reasonable sum per day as demurrage in all cases of delay in shipment.

REMANDED TO JAIL. New York, April 5.—Frank J. Considine, wanted on a charge of murdering Mrs. Arthur W. Gentry on Jan. 6, 1906, was arraigned in court in Brooklyn today and remanded to jail to await requisition papers.

PASSENGERS ALL SAVED.

Dobbs Ferry, N. Y., April 5.—The steamer City of Troy, of the Citizens' line, was burned to the water's edge here tonight. The sixty-five passengers were landed safely. The steamer was completely destroyed, with its cargo of freight and thirteen horses. The City of Troy left New York at 8 o'clock tonight bound up the Hudson river for Albany and Troy. The fire was discovered at about 8 o'clock tonight, when the dock was about eight miles below Dobbs Ferry.

AMUSEMENTS

"Mr. Boh" was presented again last evening at the Salt Lake theatre by the University Dramatic club. On their original presentation of the piece several weeks ago a pronounced hit was made by the clever amateurs from the university. This success was repeated last evening when an even, admirable interpretation of the comedy was given. It was preceded by the one-act curtain raiser, "A Match for a Magistrate." The audience was of fair numbers and keenly appreciative of the excellence of the acting. The same bill will be given this evening.

Dozens of persons have asked in the last week for the ownership of the beautiful lines used by the heroine in Edw. Milton Royle's play "Friends," now being presented by the Leighton Stock company at the Grand theatre. Mr. Royle has been kept busy for years explaining that he is not the author of the lines. They were found by chance
